MINOT-SLEEPER LIBRARY—REPORT OF TRUSTEES

To the Inhabitants of the Town of Bristol:

Nothing of great moment has marked the closing year with the Minot-Sleeper library. There have been no material changes, and the officers remain the same. Some advancement, however, has been made, particularly in the increase in patronage both in the number of books loaned and in the patrons of the reading room.

Two gifts have been received. From the estate of Miss Sarah J. Tenney, the trustees received \$1,096.50, the income only to be used as the trustees see fit. Another gift is from Austin H. Roby of Malden, Mass. It is a picture of his wife, the late Maude Gordon Roby, who was the first to serve as librarian of this library. The picture was taken at the time she was thus serving.

The library room was used for two different floral exhibits, and rare flowers were shown from time to time, these being arranged by Miss Margaret Whipple.

Children's book week and Education week were appropriately noticed by the display of books applicable to those weeks.

Miss Mary A. Rogers has added another year of efficient service to her term as librarian. Her report at the annual meeting of the trustees showed the number of books loaned the past year to be 15,097, as against 11,403 loaned the preceding year. The number using the reading room was 3,232; the record the year before being 2,264. The number of books added to the shelves was 294; the year before, 174. Received from fines and sales, \$60. Between 75 and 100 books were rebound.

The books of the treasurer, Dr. G. H. Calley, showed that \$450.56 had been expended for books and magazines.

In the purchase of new books special attention was given this year to fiction and children's books, and several books on psychology were included.

The increased privileges of the library have been appreciated as will be seen by the increased use of books and of the reading room. The change in age of children allowed to receive books has proven advantageous and is appreciated by the young who have not abused the privilege. The age limit is now 8 years.

The town is fortunate in its splendidly equipped reading room. The privileges of this department have been extended, permitting any magazines except the current issue to be loaned on the library card. Many of the out-of-date magazines are distributed in the rural schools or otherwise placed where they are appreciated and some of the best are retained to be bound for the library shelves.

Magazines to be found on the tables are the best, and include American, American Boy, American Girl, American Forests and Forestry, Country Life, Child Life, Junior Home, Atlantic, Asia, Century, Christian Century, Current Opinion, Garden, Geographic, Woman's Home Companion, Granite Monthly, Harper's, Ladies' Home Journal, Literary Digest, Moody Monthly, Nature Magazine, Our Dumb Animals, Our World, Outlook, Pictorial Review, Popular Mechanics, Travel, World's Work, Youth's Companion, and others. A few periodicals are contributed by clubs and individuals, but this reading room is made possible from the Day-Jackman fund.

The book committee is giving careful attention to the purchase of new books, with special consideration to requests left with the librarian.

As trustees we propose to increase the efficiency of this library as far as possible. Even small legacies would greatly assist, and it is strongly hoped that through some

means the day is not far distant when enlarged accommodations will be possible, an addition which is sorely needed.

Respectfully submitted,

FRED H. ACKERMAN, Chairman,
KARL G. CAVIS, Secretary,
GEORGE H. CALLEY, Treasurer,
WILLIAM C. WHITE,
FRANK N. GILMAN,
JOHN O. LOVEJOY,
MRS. E. MAUDE FERGUSON,
MRS. BESSIE A. HEATH,
MISS MARY D. MUSGROVE.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Boards of Union School District and the
Town School District:

I herewith submit my fifth annual report as superintendent of schools.

UNION SCHOOL DISTRICT GENERAL STATISTICS

For the year ending June 30, 1927

For the sake of comparison I have listed the general statistics in two columns, the first column being for the year 1925-26 and the second column for the year 1926-27.

Enrollment by Grades

Elementary Schools:

Grade	1925-26	1926-27
I	23	32
II	16	16
III	21	19
IV	22	23
V	31	20
VI	24	33
VII	30	26
VIII	21	22

Total	188	191
-------	-----	-----

High Schools:

27	28
18	17
14	18
9	17
<hr/>	
68	80

Grade	1925-26	1926-27
Total:		
Elementary	188	191
High School	68	80
	<hr/>	<hr/>
	256	271

There was a gain of fifteen pupils over the previous year. The gain in the grades was a slight one, while the greatest gain was in the enrollment of the high school: there being twelve more enrolled than in the year before.

	1925-26	1926-27
Half days schools were actually in session		
Average	346.0	346.0
Aggregate	3,113.0	3,112.0
Half days lost		
Average	14.0	14.0
Aggregate	127.0	127.0
Average attendance	218.66	244.35
Average absence	22.16	11.15
Per cent of attendance	90.79	95.67
Visits by board members	36.0	21.0
Visits by superintendent	743.0	636.0
Visits by citizens	216.0	181.0
Board meetings	10.0	8.0
Pupils neither absent nor tardy	6.0	24.0
Number pupils tardy	230.0	152.0

These figures show gratifying gains in average absence, per cent of attendance, number of pupils neither absent nor tardy, and number of pupils being tardy. Constant pressure is being brought to bear upon pupils of the importance of being at school every day and being there on time.

Repeaters

The problem of repeaters or pupils not able to be promoted at the end of the year is one that is ever present in a school system. Union school is not an exception. Along with this problem goes the one of pupils who pass some of their studies and fail in others. Last year I continued the practice of sending in the middle of the school year to the parents of those children whose promotion in June seemed doubtful word acquainting them with the fact. The parent was invited to visit the school and learn from the teacher just the reason why his child was failing. Many of the parents availed themselves of this opportunity. By working with those pupils who were failing in only one or two studies the number of pupils promoted conditionally was greatly lessened.

Further opportunities were given those pupils promoted conditionally to remove their conditions by taking examinations in the fall, and if passing, allow them a trial of six weeks in the next grade.

Character Education

We hear much now-a-days about character training and the teaching of good citizenship habits. Last year for the first time we began marking the pupils in the elementary grades on what I call citizenship habits. On the reverse side of the report cards are listed these so-called habits: cleanliness, co-operation, courtesy, dependableness, honesty, obedience, politeness, promptness, quietness and truthfulness. The method used in marking is a "plus" or "minus" according to the reaction of the pupil toward any particular habit. I think this is a step in the right direction towards the developing of worth while habits so necessary in the life of an individual.

Music

The effort put forth in the teaching of music is beginning to bear fruit. From the first grade up the pupils are being taught the rudiments of this art. Mrs. Watts is a tireless worker and under her skillful guidance the pupils are making rapid headway.

1927-28

A number of changes were made in the teaching force: Miss Barlow, grade 1, who had been with us two and a half years, was followed by Miss Evelyn Rowe of Penacook; Miss Coleman, grade 7, and Miss Gray, grade 6, were followed by Miss Zepheryn Gamache of West Stewartstown, and Miss Cram of Raymond, respectively. Both Miss Coleman and Miss Gray had been here two years. In the high school, Miss Andrews left to teach in Beverly High School, Beverly, Mass., and Miss Stackpole left to teach in Bath High School, Bath, Me. These vacancies were filled by Miss Ethel Kelley, of Manchester and Miss Florence Rolfe of Penacook. Both were graduates from the University of New Hampshire in the class of 1927.

School opened Sept. 6, with a total enrollment of 252 pupils, divided among the grades as follows:

Grade I	20
Grade II	15
Grade III	13
Grade IV	20
Grade V	22
Grade VI	19
Grade VII	30
Grade VIII	24
<hr/>	
Total	173

High School	
Grade IX	25
Grade X	23
Grade XI	15
Grade XII	16
<hr/>	
Total	79

Since the opening of school the enrollment of pupils in both the grades and high school has been increased. Fifteen new pupils entered the elementary grades, bringing the number up to 188, while two pupils entered high school, making an enrollment of 81, or a total of 267 pupils. The increase of pupils in the graded schools is due very largely to new families moving into town and bringing children of school age with them.

At the present time the first and second grades are being taught by one teacher. There are forty-eight pupils in this room. It probably would be advisable to separate these two grades another year and make a combination somewhere else.

High School

The enrollment of the high school is the largest that it has ever been. At the writing of this report it looks as if the peak had not been reached. Every indication points to the fact that there will be more in attendance next year.

Three courses are offered: a college preparatory course, a commercial course, and a business course.

In comparison with other high schools in the state, Bristol High School received special mention in the 1926-27 report for secondary schools published by the State Board of Education: a high record in the small number of tardinesses per pupil, and recognition made of a large amount of supplementary material reported in the work report.

Per Pupil Cost

The per pupil cost of instruction for the year 1926-27 in the Bristol Union School for both high and elementary schools is extremely low in comparison with other towns in the state. For elementary schools there are only six towns whose per capita cost is lower than that of Bristol. For per capita cost in the high school Bristol is pretty near the bottom of the list. Three high schools have a per capita cost below that of the Bristol High School.

The amount charged for high school tuition for the current year is nearly ten dollars less than the amount charged during the year 1926-27. This is due to the fact that the cost per pupil for the previous year 1925-26 was \$81.51, while for the year 1926-27, or last year, it was \$71.72. Districts maintaining a high school cannot charge school districts not maintaining a high school an amount for tuition in excess of the per pupil cost of instruction for the previous year, providing the per pupil cost of that high school does not exceed the average per pupil cost of the entire state. The average per pupil cost for the entire state for the year June 30, 1927, was \$103.97.

The attendance record for the first sixteen weeks of the present year is very good.

Grade	Attendance	Tardy
VI	99.00%	9
IV	99.30	12
VIII	97.83	5
V	97.79	14
I and II	96.63	4
III	95.99	34
VII	94.59	6
High School	96.98	21

Pupils neither absent nor tardy	2.00	3.00
Number of pupils tardy	69.00	31.00

The statistical record of the year 1926-27 is very much better than that of the year before. The number of days that the schools were opened was increased. The average daily attendance was greater and the average number of absences much smaller. The per cent of attendance was increased from 86.9% to 93.5%.

Much work has been done in the schools to improve the instruction. An effort was made to do the same amount of work in all the schools. Special effort was put forth to bring the children up to standard. Tests were given from time to time so that the work could be checked up.

I wish to thank again both boards of education for their willingness to co-operate in making the schools good schools that may be a credit to the town.

EARLE P. FREESE,
Superintendent of Schools.
